Honorable Bill Green
U. S. House of Representatives
Washington, D.C. 20515

Dear Bill Green:

I have just had a disturbing letter from Robert Morris Former Chief Counsel for U.S. Senate Sub-Committee on Internal Security and am impelled to write you as a member of the House of Representatives to take immediate action against communist spies who are operating freely and openly across this nation. I have been concerned about this issue a long time and it's time (long overdue) something was done to stop it.

I am advised that KGB spies have been gathering intelligence on pro-American citizens like you and me and on private organizations loyal to President Reagan. And that Young Americans for Freedom (YAF) an organization I have been keenly following for some time, is one of their main targets. This is very serious.

Why isn't there a law which makes it illegal for Soviet agents to spy on American citizens and private organizations. For shame! And in this situation FBI is powerless to stop them.

Can you imagine American spies in Russia getting away with a thing like that? Never for a moment as you well know.

We must be protected from the KGB spying on our citizens and organizations and I implore you to support this vital issue....and urge your colleagues to do so.

I will await your comments.

Sincerely,
